The Spotlight Is on You . . .

As students of Narrows High School, we are fortunate to have found a person who shares the enthusiasm we have in our school. Through his efforts to raise NHS to its full potential, this special person inspires students to give their very best in and out of the classroom.

When the Class of 1985 entered Narrows High School as eighth graders, he reassured them, "I know that everything seems strange to you right now, but I'm new here, too. We will learn together." He challenged the entire student body, "Get involved! This is YOUR school! Make it whatever YOU want it to be."

Mr. Rom Matlock,

we're glad you've been with us through the years. Your example has served as a vivid reflection of our own pride, dedication, and dreams!

From the moment they first arrive, eighth grade students notice something very special about Narrows High School. A unique sense of pride is present everywhere, welcoming them as new members of the N.H.S. family.

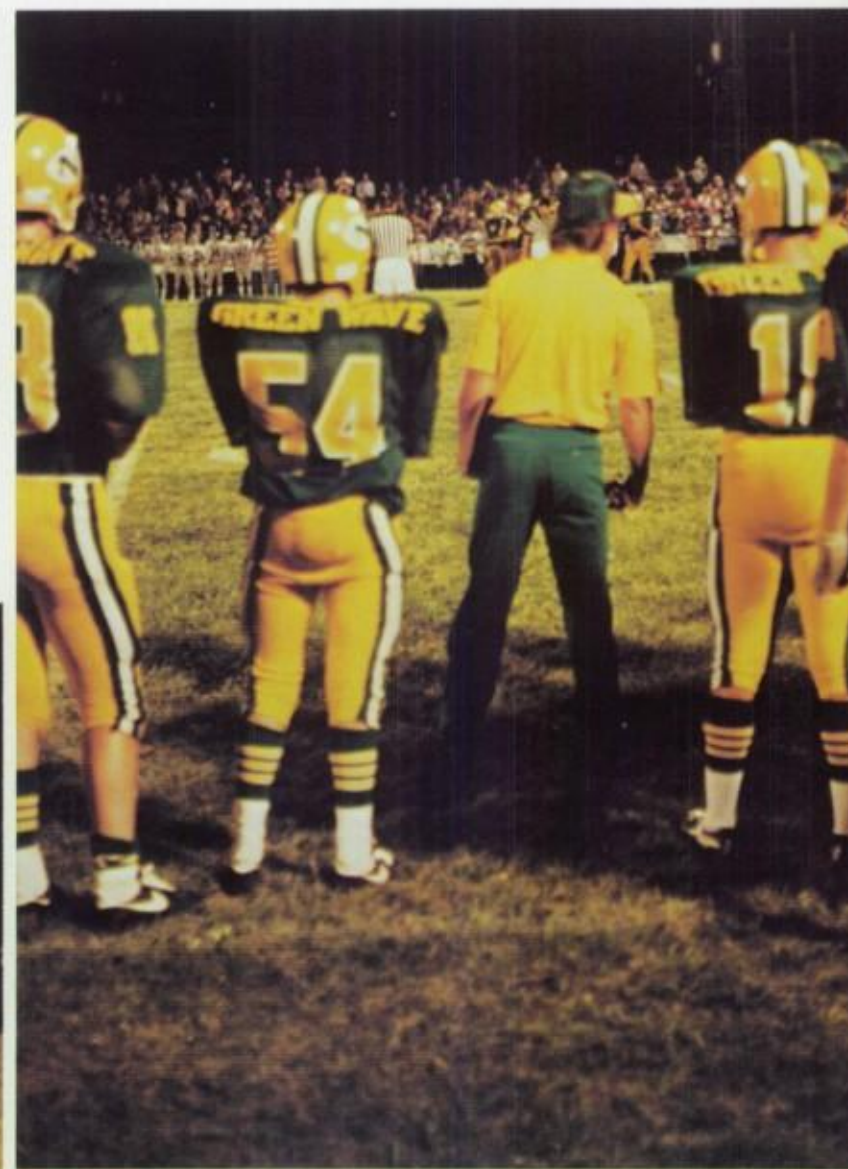

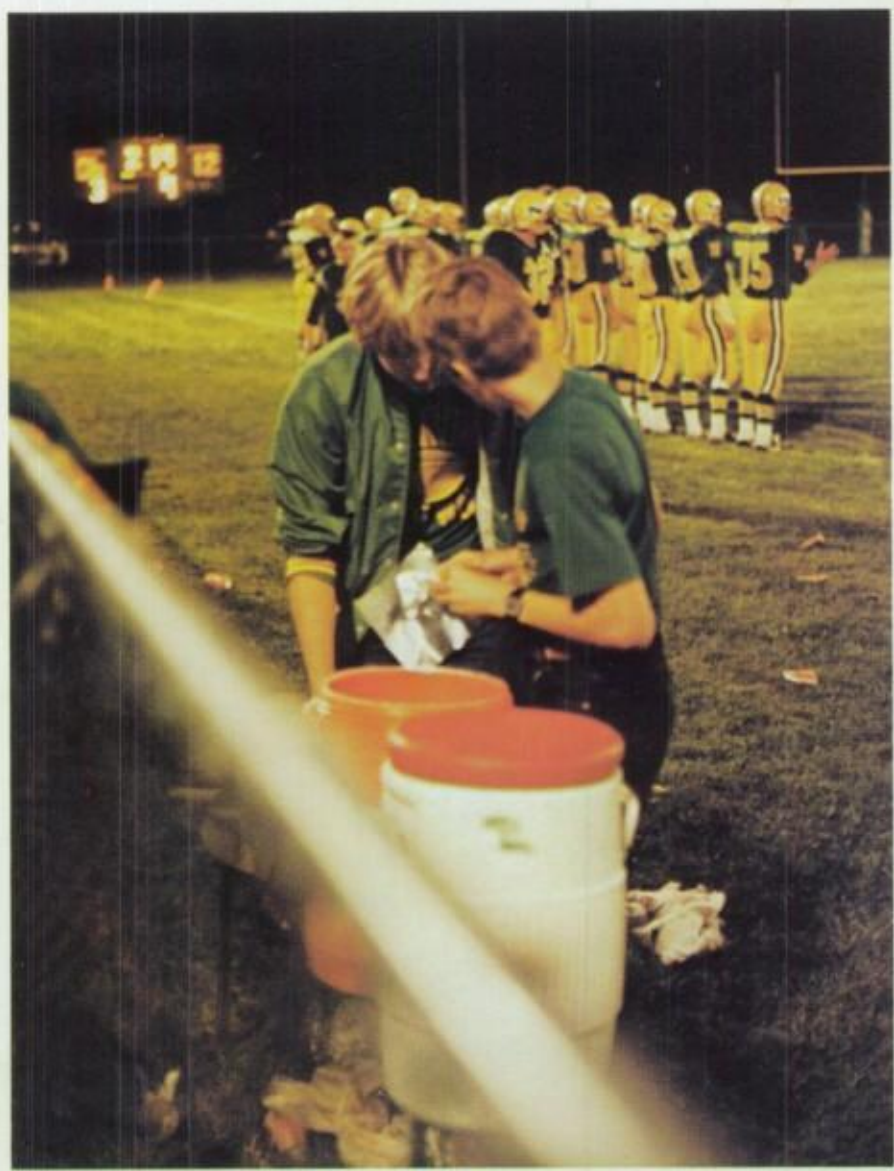

The mysterious feeling hangs in the chill of the Autumn air, and grows . . . as the band, cheerleaders, and fans help lead their teams to victory.

Through the years, we share the excitement of some of the most memorable events of our lives. We create the precious memories to be stored away and nurtured in the deepest recesses of our hearts. The thrill of our class rings, driver's licenses, and monogram jackets is dear to us all.

The fellowship of band trips, team sports, cheerleading camps, and VICA picnics draws us closer to the people whose friendships we treasure. Eager anticipation of Homecoming and the Prom sweeps N.H.S. up in its magic.

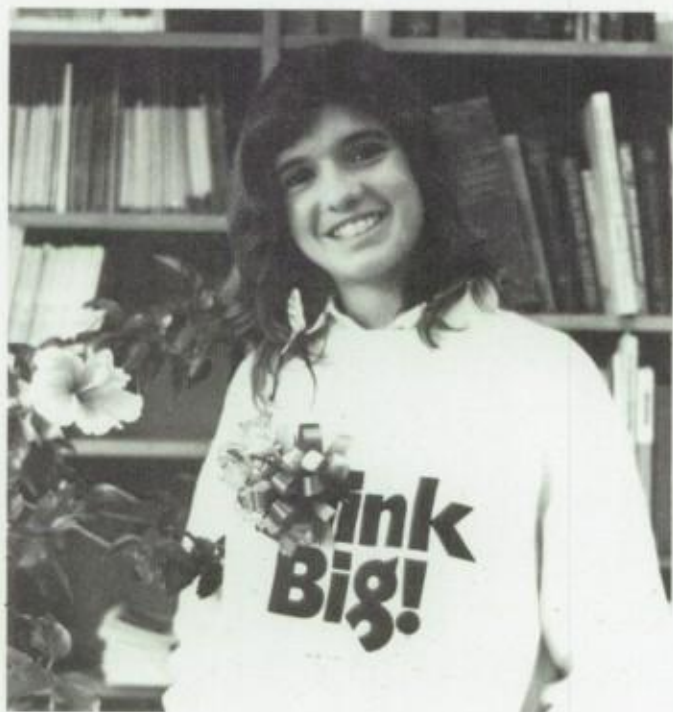

While working together, whether sharing our triumphs, facing disappointments, or learning about ourselves and the world around us, we are constantly building our dreams of the future.

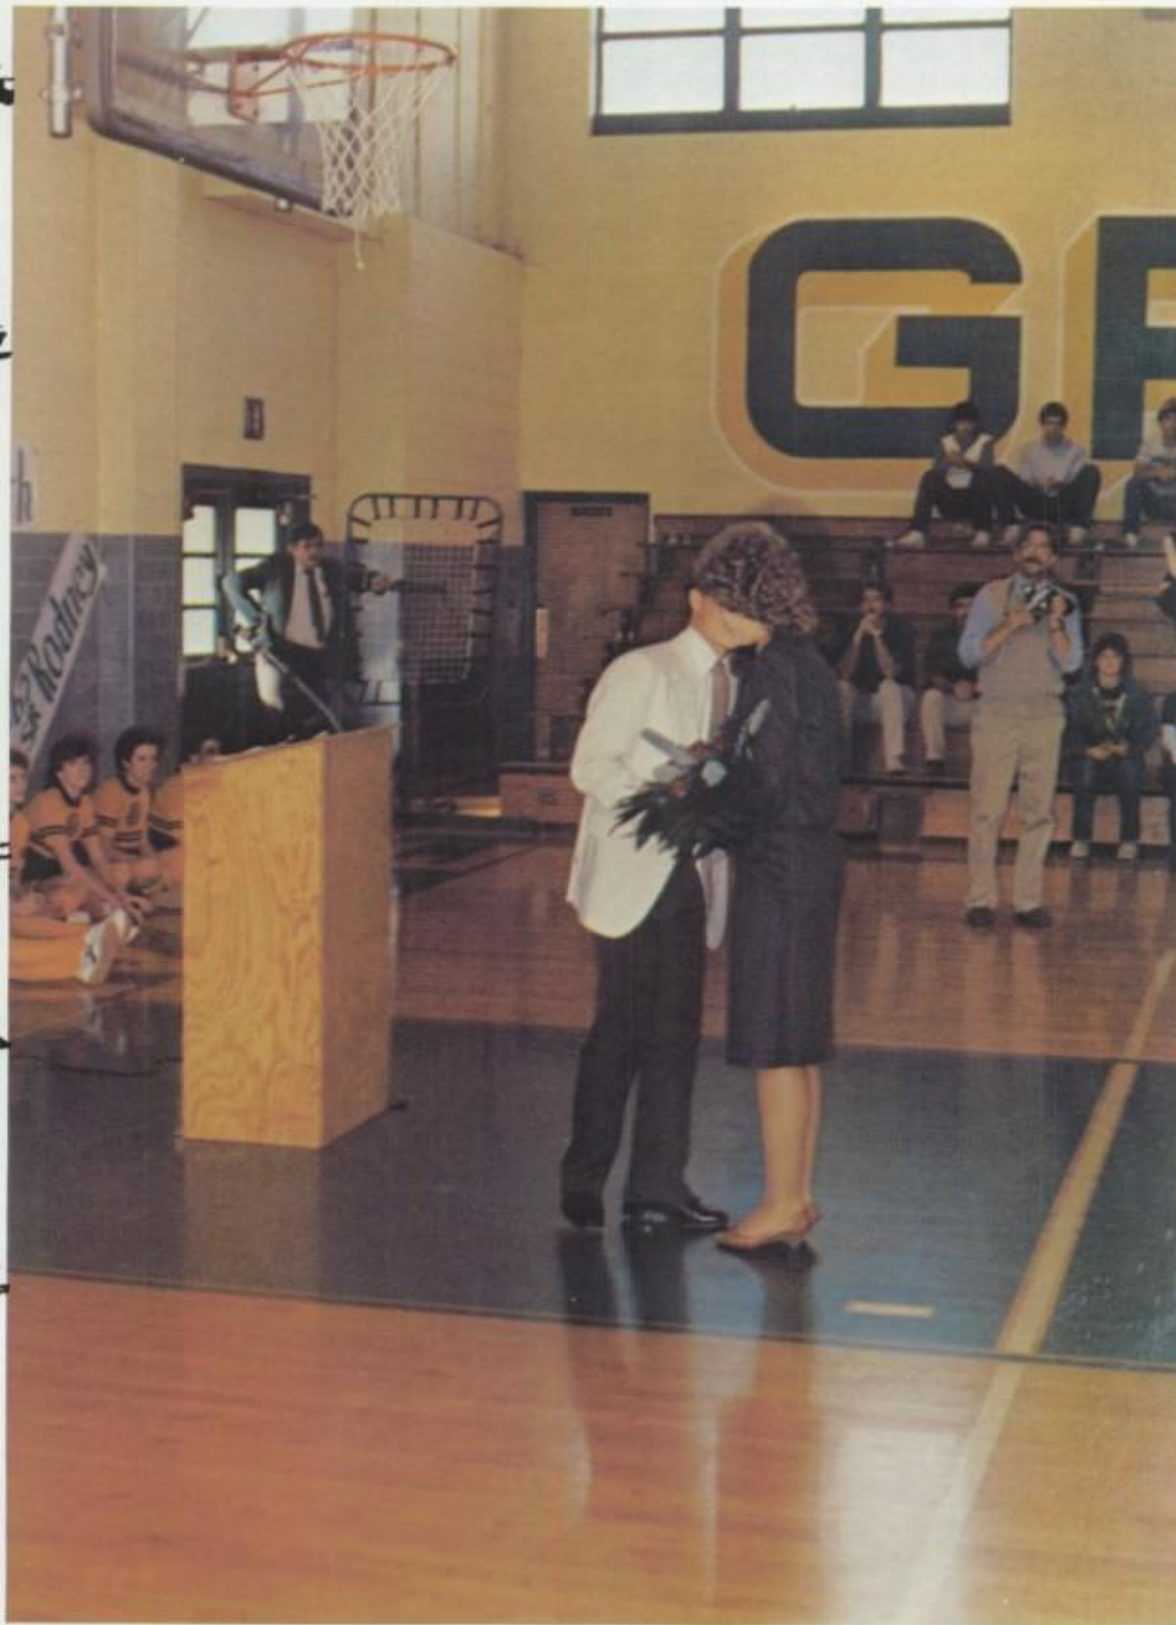

When the time comes, we will find it hard to leave the memories, friendships, and dreams behind . . .

As we move on, however, we will be assured by the knowledge that the things we leave behind will enrich the lives of those who follow. The students in future years will receive a rich heritage, and we know that they will continue to uphold our traditions, and most importantly our pride in our school.

In Loving Memory

of

JACKIE RAY (J. R.) THORNTON, II

Born December 16, 1971

Died May 26, 1984

J.R. had not yet begun to really live his life. It seemed so cruel for the Lord to take him this soon, but we all know He had a reason. We are so blessed and yet we do not realize it. We've all lived a portion of life that J.R. didn't, but the life J.R. lives now is better than ours.

J.R. is sadly missed by family and friends. He will never be forgotten.

*— Selena Beasley
Class of '85*

J.R. would have been a member of the Eighth Grade Class this year.

The Student Cooperative Association is an organization of the students of Narrows High School and its members are elected from the different classes at NHS.

The bookstore is operated by the SCA officers and representatives before school and the SCA sponsors the yearly Christmas Dance and Snow Court activities. Money was donated to help build two NHS signs that will be located at the foot of the hill. This was made possible by the sale of candy. The "Jump Rope for Heart Day" was sponsored by the SCA during the month of March, and the NHS Handbook distributed at the beginning of the school year was funded by the SCA.

The **READING TUTORS CLUB** of NHS is a group of dedicated students who help fellow students learn to improve their reading skills. The tutors usually work with two students in a class period, helping them with basic skills in reading, and they help students prepare for the State Competency Test.

Some of the other activities the tutors are involved with are distributing baskets of food for a needy family at Thanksgiving, sponsoring a dance for "Student of the Month" in all Reading Classes, participating in Virginia Reading Month in December, working throughout the school year on six-week projects that encourage their students to enjoy reading, and participating in a spring reading tutors seminar that helps the tutors for the following year to preview what being a reading tutor is all about.

YOUTH IN GOVERNMENT, a new organization at NHS has been quite active this year. Its first big project was collecting money to send to the United Methodist Church for aid to starving Africans. A total of \$516 was collected from students, faculty, and other clubs.

Eleven of the club members attended Model General Assembly in Richmond on April 11, 12, and 13. While there, they learned the mechanics of Virginia government. Those attending were Alleta Blankenship, Joanie Buckland, Cathy Calilung, Scott Frazier, Jim Gilkeson, Penny Johnson, Bobby Lilly, Christie Martin, David Skeens, Chris Wynn, and Mark Craft. The students paid their own expenses and were accompanied by Mr. Keith Reed, Mrs. Steveanna Wynn, and Mrs. Jenny Gilkeson.

Caring for All of You!

Osteopathic hospitals and DOs each year care for 20 million Americans — adults & children, singles and marrieds, babies and senior citizens. They counsel adolescents, care for cancer victims, deliver newborns and repair broken bones.

Each patient is unique and each is cared for, not simply treated.

DOs listen. They touch. They prescribe medication when needed and perform surgery when necessary. And they can use osteopathic therapy to help you heal yourself.

DOs and their osteopathic hospitals care about all of you.

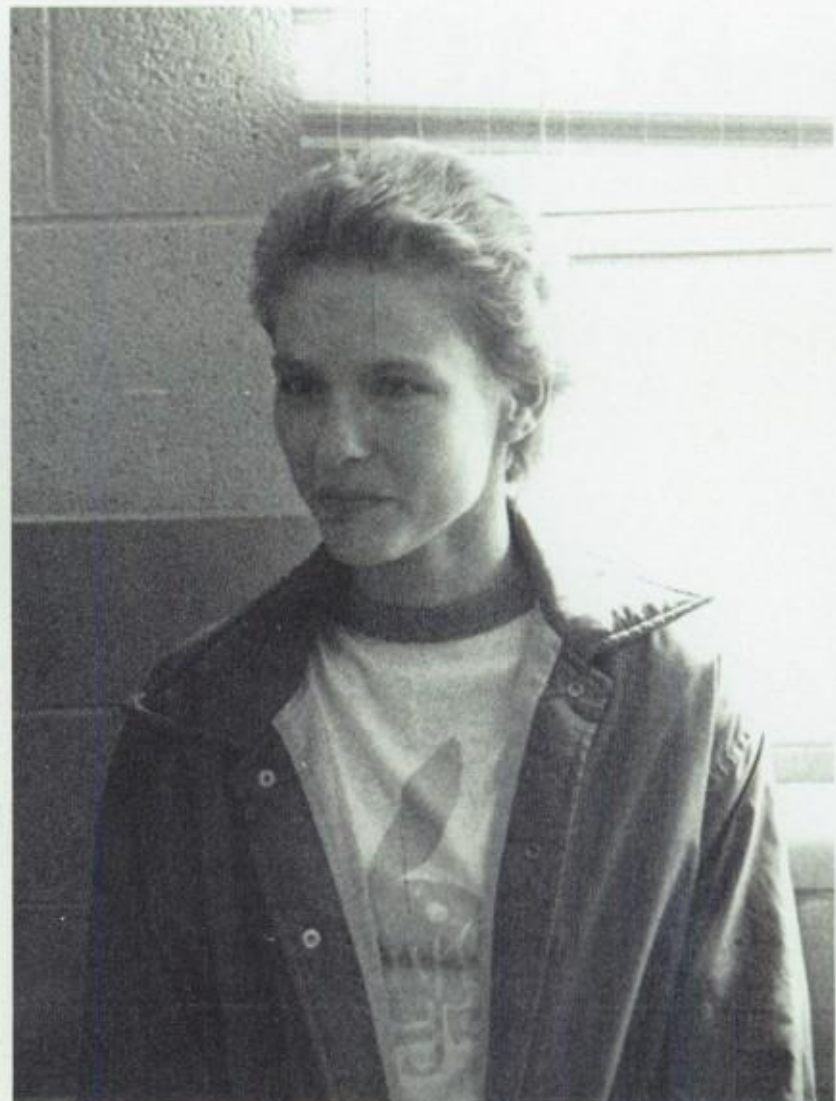

Dr. Brackenrich can care for you at Princeton Community Hospital and Giles Memorial Hospital.
